“Lake of Stonehenge”

On the Westside of Houston, bordering on the south side of Buffalo Bayou and in between Eldridge/Enclave to the west and Dairy Ashford to the east lies the small gated community of Lake at Stonehenge (LAS). While we did not fully escape the damage Hurricane Harvey left, it remains one of the best places in Houston to live, walk, run, bicycle, and even kayak on Buffalo Bayou as a starting point to the Gulf and is only steps away for every LAS resident. The homes and streets are likened to an English village and spring brings an explosion of colors. It is a leafy neighborhood with a lot of developed trees.

LAS and Stonehenge to the south were one community at the beginning of the development in the 80's and shared a pool, lake and access to Buffalo Bayou. The neighborhoods have evolved since and Lake of Stonehenge became a completely private community with the lake and private access to Terry Hershey Park and the Bayou.

Approximately 125 homes were built by custom builders, like David Weekly, from just under 2000 sq./ft to 3500 sq./ft. Very close to full recovery from Harvey, the neighborhood looks new while not losing its charm. Home values range from near the 300's to the 500's.

Near the heart of the Energy Corridor, Lake at Stonehenge has attracted residents for its location and recreational opportunities. The neighborhood is zoned to Westside High School which has been noted for its scholastics, scholarships and athletics. Our recent HOA meeting had a nice turnout this past week. The HOA Board remained responsive and firm through the challenges of Harvey. ~Jack O'Connor

COMMUNITY HAPPENINGS

Blazer Building Texas, LLC along with Nantucket Housing, LLC is looking to build Briarwest Apartments at the northwest corner of Briarwest and Westheimer. This will be a gated and fully fenced community with separate entrance and exits located on Westheimer at the front of the building with sufficient parking for all units.

Blazer is committed to management ranging from daytime only to 24-hour continuous security. They will be looking for entry level policemen to live there with their families.

The people living there will be working people, but with less income than most people on this side of town. This is not low income or Section 8 housing complex, but is for working people with lower incomes.
